

# CHALLENGAIR® 2000XL

## ANIMAL DRYER

**DOUBLE**  
INDUSTRIES

## POWERFUL & VERSATILE

The **CHALLENGAIR**® 2000XL produces more air volume than any similar dryer due to aerodynamic housing design and smooth hose lining (fewer ridges) which reduces resistance and increases air volume. The polyethylene housing, makes the **CHALLENGAIR**® 2000XL significantly quieter than other forced air dryers with aluminum or metal housings.

Optional  
Wall Mount

## FEATURES

- Airgonomic® Nozzle System Included
- Impact Resistant Housing
- Quiet, Powerful & Effective
- Variable Speeds & Temperatures
- 10' Crush-Proof Hose
- Powerful 124 CFM Turbine Motor
- Made in USA - Built to Last
- Available in 115V (60Hz) & 230V (50Hz)

Airgonomic® Nozzle  
System Included
