# 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

| Personal precautions   | None known.  |  |
|--|--|--|
| Advice for emergency responders                              | Use personal protective equipment as required  |  |
| Environmental precautions                                    | Do not allow material to contaminate ground water system.<br>Product is safe for general sewer system.   |  |
| Methods and materials for containment and cleaning up        |  |  |
| Methods of containment                                       | Prevent product contaminate from entering ground water system. Prevent further leakage or spillage if safe to do so.   |  |
| Methods of cleaning up                                       | Soak up residue with an exorbitant such as clay, sand or other<br>suitable material. Contaminated equipment (brush, rags) must<br>be cleaned immediately with water. Dispose of in accordance<br>with local regulations. |  |
| 7.   | HANDLING AND STORAGE   |  |
| Precautions for safe handling                                |  |  |
| Advice on safe handling                                      | Keep container closed when not in use.   |  |
| Conditions for safe storage, including any incompatibilities |  |  |
| Storage Conditions   | Protect from frost to maintain product quality, do not store in<br>heat or direct sunlight. Keep at temperatures between 5 and<br>35*C (40 and 95 *F)  |  |
| Technical Measures/<br>Storage Conditions                    | Keep tightly close in a dry and cool place. No special technical protective measures required.   |  |
| Incompatible products  | None known   |  |
| 8. EXPOSURE CONTROLS/PERSONAL PROTECTION                     |  |  |
| <u>Control Parameters</u><br>Exposure Guidelines             | Exposure guidelines are not relevant when product is used as intended.   |  |
|  |  |  |
|  |  |  |

| Exposure Controls             |  |
|-------------------------------|--|
| Engineering Measures          | No special measures required.  |
| Personal Protective Equipment |  |
| Eye Protection                | Manufacturing Site:<br>Safety glasses.<br>Distribution, Workplace and Household Setting:<br>No special protective equipment required |
| Hand Protection               | Chemical resistant gloves  |
| Skin and Body Protection      | No special protective equipment required   |
| Respiratory Protection        | No special protective equipment required   |

#### 9. PHYSICAL AND CHEMICAL PROPERTIES

Semi Viscous Conditioner

No information available

**Property** 

pH Value Melting/freezing point Boiling point/boiling range Vapor pressure Water solubility Solubility in other solvents Viscosity of product 6.00-7.00 Not Applicable Not Applicable Not Applicable 90-95% None 13,000-16,000 cps

#### **10. STABILITY AND REACTIVITY**

| <u>Reactivity</u>   |   |
|---------------------|---|
| Stability           | Stable hazardous polymerization: Will Not Occur |
| Conditions to avoid | Do not freeze.                                  |
| Materials to avoid  | No known hazardous decomposition.               |
| Hazardous reactions | No hazards to be especially mentioned           |

## **11. TOXICOLOGICAL INFORMATION**

Toxicological data are not available. Observe the usual hygienic measures for handling chemicals.

## **12. ECOLOGICAL INFORMATION**

Ecotoxicological data are not available. According to experience, the material has no harmful effect on the environment.

#### **13. DISPOSAL CONSIDERATIONS**

#### Waste Treatment

IATA

| Waste from residues / unused<br>Products | Disposal required in the compliance with all waste management<br>related state and local regulations. The choice of the appropriate<br>method of disposal depends on the product composition by the<br>time of disposal as well as the local statues and possibilities for<br>disposal. Diluted solution may be introduced into a biological<br>purification plant with permission of the responsible authorities. |
|--|--|
| Contaminated packaging                   | Contaminated packaging should be emptied as far as possible<br>and after appropriate cleansing may be taken for reuse.<br>Regulation concerning reuse or disposal of used packing material<br>must be observed.  |

## **14. TRANSPORT INFORMATION**

Please refer to the Bill of Lading/ receiving documents for up-to-date shipping information

DOT Not regulated

IMDG Not regulated

Not regulated

### **15. REGULATORY INFORMATION**

#### Labeling in accordance with EC directives

The product does not require a hazard warning label in accordance with EC directives / the relevant national laws.

Water Hazard Class (WGK): WGK Class: WGK Reg-Nr. WGK Source

1 NA Classification according to VmVms, Annex 1 or 2
